Does anyone know of this IMD-1 form? Or the UIC-60 CCS permit? Are these LDNR specific?

Hey everyone,

This is the agenda for today's meeting with CapturePoint Solutions.

Thanks,

Laura Sorey, PG

Good morning Laura. Below are the questions and items that we would like to address today.

1. With respect to the IMD-1 Request for Expedited Review, when should that be submitted to LADNR as EPA is currently the lead regulatory agency for Class VI well permit applications in Louisiana?
2. In line with the IMD-1 form when should the UIC-60 CCS permit applications be submitted to LADNR?
3. Is there a form or an example of the financial assurance available that we can work from?
4. Casing and completion design alternatives for a passive in zone monitoring well using cased hole logging suites in lieu of drilling, plugging and abandoning the well.

Many thanks

-Nick
